

Mark E. Hagopian, D.M.D.

### Our Financial Policy

Cash patients are expected to pay in cash, check or credit card the day the service is rendered unless specific arrangements are made in advance.

For those patients who are covered by insurance, we will accept assignment of benefits. You will be asked to pay your portion of your charges the day the service is rendered. Due to constantly changing insurance regulations, deductibles and reduction of benefits we will estimate as close as possible to your coverage, but until we actually receive the payment from the insurance company, it is just an estimate. If your insurance pays more or less than expected the balance will either be due or credited. Final responsibility for the payment rest with the person responsible for your account.

Contracts may be set up with a patient to facilitate your treatment plans. Ask our front office for details if you need alternate financial arrangements.

Feel free to ask any questions that remain unanswered either before or after treatment. We wish to be of assistance if we can.
